DIESEL LIVING WITH FOSCARINI

From rock to pop, from casual to vintage and from graphics to art. This is a completely new collection of lamps that speaks a multitude of languages, tells different stories and expresses an unmistakable style: the Diesel lifestyle. Ironic, unconventional, fun, fiery and creative. A way of being and of dressing that also becomes a way of furnishing: Diesel Living with Foscarini.

foscarini.com

LEGENDA

FOSCARINI

Azienda certificata UNI EN ISO 9001
UNI EN ISO 14001

1. **ENEC**
The label ENEC (Electrical Certification concerning European Standard) is a voluntary label granted by third organizations. It certifies that a product complies to the EN 60598 standards and has been designed and manufactured by companies with an approved UNI EN ISO 9001 quality control system.

2. **CE**
Declares that the manufacturer produces light fittings which comply with the requirements of the EN 60598.

3. **Classe I**
Class I° luminaire: it's necessary to connect the device to the yellow/green protective conductor (earthing).

4. **Classe II**
Light fittings whose safety is guaranteed only by the double and/or reinforced insulation of all parts, with no earth.

5. Luminaire suitable for installation on normally inflammable surfaces. **CE**
Declares that the manufacturer produces light fittings which comply with the requirements of the EN 60598.

6. **IP protection degree**

IP20: protected against the penetration of solid objects greater than 12 mm and non-protected against liquids.

7. The energy efficiency classes for light appliances set out by EU regulation no. 874/2012 are calculated on the basis of the Energy Efficiency Index (EEL) and range between A++ (maximum efficiency) and E (minimum efficiency).

8. **CSQ-IQNET**
The CSQ-IQNET label is valid all over the world. It certifies that FOSCARINI runs a quality management system which complies with the UNI EN ISO 9001:2008 standard, to guarantee a high quality level for what concerns project, development, production and distribution of its products.

9. **CSQ ECO**
This label is valid all over the world. It certifies that FOSCARINI runs an environmental management system which complies with the UNI EN ISO 14001:2004 standard in order to guarantee company's commitment to continual improvement of its environmental performances.

The dimmer could cause flickering of the light in case of use of a bulb with a lower wattage than the minimum indicated. It is not possible to guarantee the proper functioning of the dimmer with LED retrofit bulbs or compact fluo bulbs with integrated power supply.

Spare parts:

Lampshades, dimmer, protection glasses etc. that can be ordered as spare parts.

Accessories:

Multiply canopies, kits decentralization that are not included but can be ordered if necessary.

LED Retrofit

It marks the possibility of using a standard retrofit LED bulb available on the market.

LED

It marks the models with integrated LED included in the lamp, which is the result of Foscarini designing and engineering.

EXCERPT FROM THE SALES CONDITIONS

1. Our prices are net ex works.
2. The prices include: carton packaging, transformers for low tensions.
Prices do not include bulbs, if not differently stated.
3. The prices here contained refer to materials complying with the technical standards of the market this price list is meant for. Any request for material complying with other standards shall be quoted separately.
4. Goods are carefully inspected and accurately packed before shipment, Foscarini Spa therefore declines any liability for transport damages.
5. The goods are dispatched at the buyer's risk, even if sent free domicile.
6. Claims must be notified by registered mail addressed to our head offices within 3 days from receipt of the goods.
7. Any litigation falls within cognisance of Venice / Italy Law-Court.
8. Dimensions and colours indicated have a tolerance due to the characteristic handwork of blown glass.
9. This price list can be subject to alteration without any notice.
10. Products images and configurations may vary from price book, catalogues and website from the actual merchandise, including but not limited to cords, cables, color, price, dimension, descriptions, details, dimmer.
11. Foscarini reserves the property of the goods until full payment of the same.
12. Prices are expressed in Euro.

INTERACTIVE TOOLS

Diesel Lamps app

Diesel Lamps an app designed for all design enthusiasts who wish to customise their surroundings with the unmistakable personality of Diesel with Foscarini models.

With captivating and emotional graphics and extremely user-friendly it allows users to insert lamps in rooms and settings which are caught on camera each time or picked from an archive of pictures. Available on the Apple Store and Play Store the Diesel Lamps app is a very effective tool that is extremely simple to use.

Social media

Foscarini is present on all the main social networks with systems and languages suited to each individual channel and type of user:

- [Facebook](#) to create and maintain public relations, communicate news and projects, share news, images and films;
- [Instagram](#) to view projects and stimulate users to create images with Diesel with Foscarini models.
- [Twitter](#) publicise events, initiatives, news and links in brief, high impact messages;
- [Pinterest](#) to share images of Diesel with Foscarini models and initiatives, subdividing them into theme boards;
- [LinkedIn](#) to create and maintain relationships with sector operators and share professional contents

foscarini.com

Packed with content, the foscarini.com website keeps you up-to-date on our products, events and cultural initiatives at all times. The Video Stories section gives you the chance to find out about the concept and development of some of the most important Foscarini products. Information on the company, detailed technical data sheets for all models, assembly instructions, 2D and 3D designs as well as photometric curves can all be downloaded.

myFoscarini

With the same spirit that provides new ideas in lighting design, Foscarini creates its own more efficient programs for customer and partner communication, for instance, [myFoscarini](#), a proprietary it platform, an absolutely innovative, highly flexible and transparent tool providing customers with complete information and full range of functions. With just a few clicks in my foscarini you can:

- check the availability of lamps and the shipping date
- Enter your orders, reserving lamps directly from Foscarini's central system
- track your order status

- consult sale conditions;
- download admin documents such as transport documents and invoices;
- prepare a quotation;
- download: images, logos, PDF and excel price lists assembly instructions, certifications and energy labels.

And all this 7 days a week, 24 hours a day.

If you haven't registered yet request your password from Foscarini Customer Care.

MULTIPLE COMPOSITIONS

A technical solution combining practicality and harmony of form. Foscarini's multiple rosettes give you the chance to create large effect compositions of up to nine hanging lamps. In the round rosette lamps can be positioned at different heights to make a light waterfall. Linear rosettes are available in two sizes - 90 or 135 cm (35 7/16" or 53 5/32") - and can be used alone or in sequence to create rows of various lengths.

LIGHT SOURCES

The light tones may vary from one lamp bulb to another. Foscarini recommends the use of warm light bulbs for its entire collection.

Light bulbs which are readily available for purchase may feature technical specifications with various graphics and definitions, but a warm light tone is generally described as Warm White - 2700- 3000K* and CRI > 80 for halogen / LED retrofit light bulbs light colour 827 and CRI >80 for fluorescent light bulbs.

This table contains the necessary information to purchase the correct light source (Foscarini models with integrated LED excluded).

* expressed in mm
